## Declaration of Compliance

The undersigned company, Rocket Packs, headquartered in Germany, Sossenheimer Weg 48, 65929 Frankfurt am Main, hereby declares that all products in its range are made from various materials, such as metal, rubber, and plastics.

All materials used and also the final product itself, are prepared by the conventional technical rules, norms and may be used by the **EC Regulation 10/2011** as well as **EG Regulation 1935/2004** for storage or consumption of food/beverage and **EC Regulation 2023/2006** for good manufacturing practice for materials and articles intended to come into contact with food/beverage.

This applies to all the parts that come in contact with food/beverage.

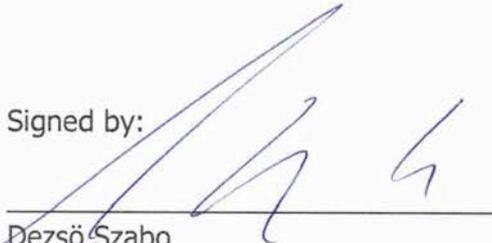

### Description of the complete article:

(Specification of intended use or restrictions)

The article is a ready-to-use, mobile dispensing system (beverage backpack), suitable for serving all hot/cold drinks with/without carbon dioxide as well as alcoholic drinks up to 20% vol. alcohol. With an additional pressure accessory (optionally available), the required dispensing pressure can be generated. In the version for non-carbonated beverages, the serving is carried out via a natural gradient.

The system is supplied in a reliable and functional condition to the buyer/operator. It is recommended to clean the container, tube and tap before operating. Observation of the safety and approval regulations for dispensing systems are the responsibility of the buyer/operator!
